**Abstract- How rapidly a small virus destroying our world which is full of facilities and latest technologies.**

Honorable Prime Minister of India Shri Narendra Modi also directly communicates with the public and give instructions and information related to corona virus.

## I. INTRODUCTION

Corona or COVID-19? What is this? From where it came? How it effect people that the whole world is suffering from this particular disease? and no one has the satisfactory answer like how did this danger disease takes birth and what is the effecting medicine for this? when the whole world is facing hazardous economic changes, taking precautions to save their country from COVID-19 even the superpowers don't have proper medication for this.

## CONCLUSION

Government are taking all precautionary steps and also sanctions massive budgets for their countries. Corona proves that although you are a superpower and have weapons that are capable to destroy the whole world but still if humans are creating mess with nature then even now nature is itself powerful to destroy humans with this small virus which is having very common symptoms like cold and cough.

On the other hand, China also start doing business of selling mask to other countries along with recovering. Some questions are arising like how china recover so fast from COVID-19 while other superpowers, developed and developing countries still are unable to reduce its hazardous effects. America, Italy all these were hub of tourist place but now they are just helplessly watching their cities destroying.
